

When?

The program will run from January to July 2017.

Where?

For most of the time, you will be based at St Cuthbert's, our community house in Cumbria, on the edge of the Lake District. This is a perfect base to reach the northern cities and also enjoy the Cumbrian mountains and lakes.

St Cuthbert's is a beautiful, historic building of character, the first religious house to be built in Cumberland following the reformation. It serves as our community house, a base for mission throughout the North and a centre for retreats and revival conferences. It is on the outskirts of the historic market town of Wigton.

Who's it for?

18 - 25 year olds who are passionate about growing in their Catholic identity, with a desire to live a life of fruitfulness in the power of the Holy Spirit and make a difference.

How much will it cost?

The cost for the programme will be £800. This will go towards living costs including your food. It does not include travel expenses to outreaches and events in other parts of the country nor optional mission trips abroad, which participants would need to fund themselves (most outreaches will take place at the St Cuthbert's base and nearby).

How do I book on?

Go to www.corlumenchristi.org and click on the "Foundations for supernatural life" link to complete the online application form.

Foundations for Supernatural Life

January - July 2017
Cor et Lumen Christi, St Cuthbert's
Wigton, Lake District, Cumbria

God is doing a new thing.

A new season of grace and mission is emerging in the Church.

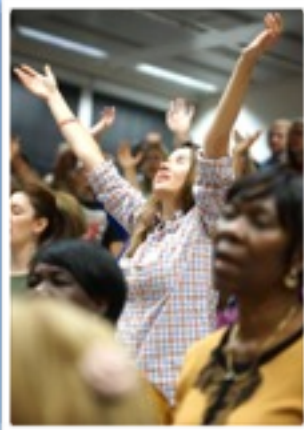

Across the world there is new faith for the miraculous and the grace for conversions.

People are experiencing a radical love for Jesus with the deepening of their prayer life - and it's happening here too!

This new season is being accompanied by powerful signs and wonders with numerous healings and a tangible experience of the presence of God.

We are passionate about preparing young men and women for a new awakening in the Church and the world.

With this aim in mind, we are providing a program of formation and mission that will equip young people to live for God and radically minister in the power of the Holy Spirit.

What is it?

We are very excited to offer you the opportunity to spend half a year in a charismatic Catholic community of faith, soaking in the presence of God and learning to live on fire with the Holy Spirit.

You will grow in a deeper understanding of who you are as a child of God and how to unlock the power of His grace in your life.

You will receive in depth teaching on how to encounter Jesus through a radical prayer life, training in how to minister in the gifts of healing, deliverance and prophecy as well as how to give talks, preach the word of God and evangelise effectively.

How will this happen?

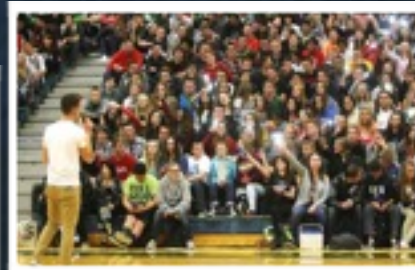

Each week will include formation, outreaches, adoration and contemplation, together with time for fellowship and recreation.

You will receive formation on how to live supernaturally every day, how to access the promises of God, how to grow in your faith for the miraculous and much more.

During the program you will live in a community context with like-minded people, learning from others and discovering your own gifts.

You will be part of our mission, putting into practice what you have learnt. You will also be involved in outreaches around the country with the opportunity to join one of our international missions.

There will be the opportunity to join in the daily prayers of the community and practical work. You will also have time to visit the nearby Lake District National Park and sea.

Key Themes

- develop your supernatural life
- foundations in theology
- grow in your personal prayer life and relationship with God
- teaching and training in spiritual gifts especially physical healing, prophecy, words of knowledge and wisdom
- experience the tangible presence of God
- daily praise, worship, adoration and Mass
- in depth Bible teaching
- getting revelation from Scripture
- joining our ministry at regular events and conferences
- opportunity to join one of our international missions
- regular mission in local schools
- ministry to the poor
- street outreach with prayer for healing and evangelisation
- learning how to preach & teach
- how to discern what God wants for your life and become who you are called to be
- build friendships and fellowship with other young committed Christians
